

The Roots of Reference (Paperback)

By W. V. Quine

Open Court Publishing Co ,U.S., United States, 1990. Paperback. Book Condition: New. New edition. 228 x 152 mm. Language: English Brand New Book ***** Print on Demand *****. Our only channel of information about the world is the impact of external forces on our sensory surfaces. So says science itself. There is no clairvoyance. How, then, can we have parlayed this meager sensory input into a full-blown scientific theory of the world? This is itself a scientific question. The pursuit of it, with free use of scientific theory, is what I call naturalized epistemology. The Roots of Reference falls within that domain. Its more specific concern, within that domain, is reference to concrete and abstract objects: what such reference consists in, and how we achieve it. Part I is a statement of general psychological presumptions regarding perception and learning. The underlying notions of cause and disposition are examined in a philosophical spirit. In Part II those considerations are brought to bear more particularly on the learning of language. Part II comes firmly to grips with the nature of reification and reference. The process is inseparable from language, and unequivocally identifiable only to the degree that the language resembles ours in...

Reviews

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Keanu Johns**

This is the finest book i have read until now. It is filled with wisdom and knowledge You can expect to like just how the author compose this ebook.
