Well, if not then this is your opportunity to count some very funny flies with big green eyes. Everything in nature has its purpose, and award winning author, attorney and former teacher is using her flies in very funny way. See if you can guess what comes next in the rhyme and build your reading vocabulary by guessing what words come next in the rhyme, and by noticing as certain words repeat themselves, because repetition of things is another good way to learn. Look for the song and video that goes with this book on YouTube on the Bellissima video channel, Bellissimavideo, just to have a little more fun. Count and read numbers and numerals as you hunt for them on these pages. See all the wonderful kids books written by Penelope Dyan that can teach you things and help you learn all while having fun. Dyan was widely published before coming to Bellissima in such children s publications as Humpty Dumpty Magazine and The Kindergartner, as well as in Instructor Magazine, the magazine that teachers teachers how to teach. All this proves once again, that you can t go wrong with a book for kids that is published by Bellissima!.
