OPERATIONS MANAGEMENT, FOURTH EDITION

PHI Learning 0. Softcover. Book Condition: New. 4th edition. Contemporary and comprehensive, this well-organized text skillfully integrates the traditional topics in operations management-strategy, quality, and competitiveness-with the many new and important areas in operations today, such as supply chains, e-business, and information technology (IT). Throughout, the book focusses on how the functions and processes of an organization fit into its strategic plan and shows the need for considering the overall strategic implications of a particular operating decision. A major feature...
