Encounter Books,USA. Hardback. Book Condition: new. BRAND NEW, Faithless Execution: Building the Political Case for Obama's Impeachment, Andrew C. McCarthy, We still imagine ourselves a nation of laws, not of men. This is not merely an article of faith but a bedrock principle of the United States Constitution. Our founding compact provides a remedy against rulers supplanting the rule of law, and Andrew C. McCarthy makes a compelling case for using it. The authors of the Constitution saw practical reasons to place awesome powers in a single chief executive, who could act quickly and decisively in times of peril. Yet they well understood that unchecked power in one person's hands posed a serious threat to liberty, the defining American imperative. Much of the debate at the Philadelphia convention therefore centered on how to stop a rogue executive who became a law unto himself. The Framers vested Congress with two checks on presidential excess: the power of the purse and the power of impeachment. They are potent remedies, and there are no others. It is a straightforward matter to establish that President Obama has committed "high crimes and misdemeanors," a term signifying maladministration and abuses of power by holders of high public trust. But making the legal case is insufficient for successful impeachment, leading to removal from office. Impeachment is a political matter and hinges on public opinion. In Faithless Execution, McCarthy weighs the political dynamics as he builds a case, assembling a litany of abuses that add up to one overarching offense: the president's willful violation of his solemn oath to execute the laws faithfully. The "fundamental transformation" he promised involves concentrating power into his own hands by flouting law--statutes, judicial rulings, the Constitution itself--and essentially daring the other branches of government to stop him. McCarthy contends that our elected...
